

SDSP Newsletter Resources

This repository contains MyEmma email marketing resources for the San Diego Science Project from the team at Triton Consulting Group (TCG).

repository link: <https://github.com/19tangerines/tcg-sdsp-resources>

Materials Included:

1. SDSP Workshop Feature Template: an email for featuring one of SDSP's events/workshops.
 1. Included: a series of drag-and-drop html blocks and an assembly guide.
 2. Download the [sdsp_workshop_template](#) folder and follow the guide in [INSTRUCTIONS.md](#) or [INSTRUCTIONS.pdf](#).
2. SDSP One-Pager Template: an email to give a simple explanation for what SDSP does.
 1. Included: a series of drag-and-drop html blocks and an assembly guide.
 2. Download the [sdsp_onepager_template](#) folder and follow the guide in [INSTRUCTIONS.md](#) or [INSTRUCTIONS.pdf](#).

Visual Samples:

View [onepager_sample.png](#) and [workshop_feature_sample.png](#) for example visuals. May not reflect current template content, but design and layout will be the same.

Attributions:

Designed and built by Angel Wan · Boilerplates and Content written by Nikhil Suri · Triton Consulting Group

Original visual design adapted from existing SDSP marketing materials. Email-platform integration (My Emma) and modular template system by TCG.
