

SDSP Newsletter Resources

This repository contains MyEmma email marketing resources for the San Diego Science Project from the team at Triton Consulting Group (TCG).

repository link: <https://github.com/19tangerines/tcg-sdsp-resources>

Materials Included:

1. SDSP Workshop Feature Template: an email for featuring one of SDSP's events/workshops.
 1. Included: a series of drag-and-drop html blocks and an assembly guide.
 2. Download the `sdsp_workshop_template` folder and follow the guide in `INSTRUCTIONS.md`.
2. SDSP One-Pager Template: an email to give a simple explanation for what SDSP does.
 1. Included: a series of drag-and-drop html blocks and an assembly guide.
 2. Download the `sdsp_onepager_template` folder and follow the guide in `INSTRUCTIONS.md`.

Visual Samples:

Visual samples may not exactly reflect current email content. Design and styling is the same or very similar.

Summer Professional Learning Events: Science Media Literacy Workshop @ UC San Diego

Hi there,

If you've ever had students bring up something they saw on TikTok, Youtube, or the news and weren't sure how to help them evaluate it, you're not alone.

This summer, the San Diego Science Project at UCSD is offering a new hands-on **Science Media Literacy Workshop** designed to help teachers navigate this challenge.

Science Media Literacy Workshop

In today's world, students encounter scientific claims everywhere, from social media to AI tools. This **one-day interactive workshop** equips educators with **practical frameworks** to help students

- evaluate science-related claims
- identify misinformation tactics
- think critically about sources

You'll leave with **classroom-ready materials** to use right away.

Event Details

Date: June 17, 2026

Time: 9:00 AM - 3:30 PM

Location: UC San Diego (in-person)

Audience: Grades 7-12
Science Teachers and Teacher Leaders

Cost: \$50 Registration Fee
(includes parking and materials)

Welcome to the San Diego Science Project

Hi there,

It's nice to meet you! We're the San Diego Science Project (SDSP), based at UC San Diego, a community providing **professional learning and curriculum support** to **K-12 science teachers** across the greater San Diego region.

Our work is grounded in research-based practices and built around the real challenges teachers face in their classrooms. We believe science learning should be inclusive, driven by sensemaking, and **connected to the questions that matter most to students and their communities.**

Whether you're looking to deepen your content knowledge, try new instructional approaches, or join a network of colleagues who share your commitment to bringing meaningful science to every student, there's a place for you here.

Upcoming Events

Science Media Literacy Workshop

Students encounter science claims online all the time. This hands-on workshop helps you integrate evaluating science claims into any science course!

June 17th

[More Details](#)

Climate Champions Design Summit

Learn how to use the Understanding Global Change (UGC) framework with students to construct models and create evidence-based explanations for local climate-based phenomenon!

June 9th, June 10th

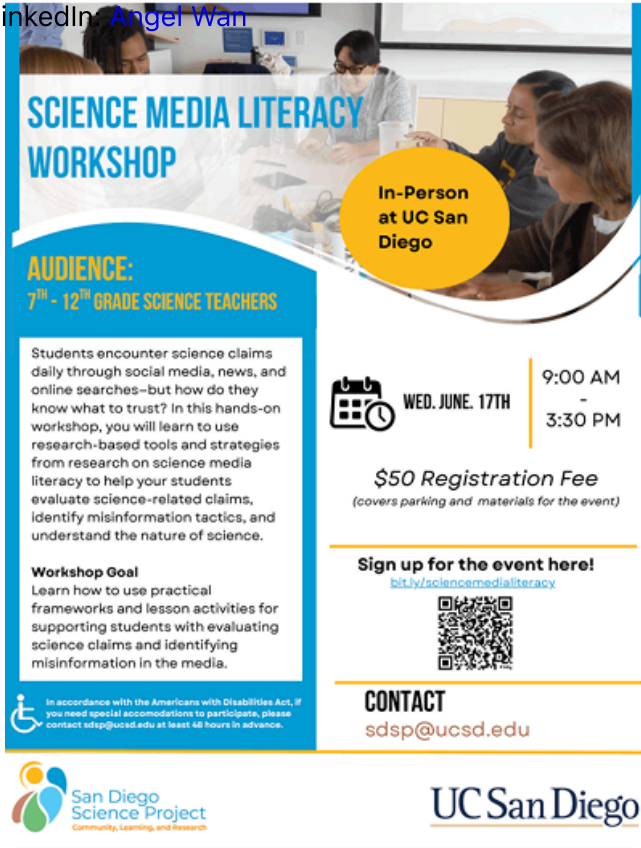

[More Details](#)

Sample Third Workshop

A short ~30-word blurb describing what this workshop is about, who it's for, and what teachers will take away from it. End with a hook.

LinkedIn: [Angel Wan](#)

SCIENCE MEDIA LITERACY WORKSHOP

AUDIENCE:
7TH - 12TH GRADE SCIENCE TEACHERS

Students encounter science claims daily through social media, news, and online searches—but how do they know what to trust? In this hands-on workshop, you will learn to use research-based tools and strategies from research on science media literacy to help your students evaluate science-related claims, identify misinformation tactics, and understand the nature of science.

Workshop Goal
Learn how to use practical frameworks and lesson activities for supporting students with evaluating science claims and identifying misinformation in the media.

In accordance with the Americans with Disabilities Act, if you need special accommodations to participate, please contact sdsp@ucsd.edu at least 48 hours in advance.

In-Person at UC San Diego

WED. JUNE. 17TH | 9:00 AM - 3:30 PM

\$50 Registration Fee
(covers parking and materials for the event)

Sign up for the event here!
